Re: Getting your IB scores / College Reports

1. Congratulations to all who took exams this spring!
2. Many of you may want to get your IB exam results when they are made available from IBO (roughly July 6<sup>th</sup>). The process is simple; go to the website listed below and use your enclosed **Personal Code** and **PIN** to logon. (Your personal code and PIN were given to you by your teacher; contact the IB office if you do not have them.)

**<http://results.ibo.org>**

3. Congratulations to our graduating seniors! We all wish you the best with your future endeavors. **Seniors** ...

If you want your **official IB transcript** to go to your college:

Simply include the following information in an email and submit to the IB office: fhs.ib@bvsvd.org

Date of your request:

Last name:

First name:

Name of United States or Canadian college or university:

College city and state/province:

Requests must be made by 1 July!  
This is before results are released.

Unfortunately, IBO has restrictions on their transcript reporting.

- A candidate is not allowed to send a transcript request to more than one United States university.
- A candidate is not allowed to send a transcript request to more than three Canadian/United States universities combined.

4. If you took AP tests in addition to IB exams, your AP scores will be mailed to you by the College Board sometime in July.

5. To everyone . . . have a great summer!
